Genome Canada Transplant Consortium Team Members

Canada Working Group

- Paul A. Keown, Department of Pathology and Laboratory Medicine and Department of Medicine, Faculty of Medicine, University of British Columbia
- Karen Sherwood, Department of Pathology and Laboratory Medicine and Department of Medicine, Faculty of Medicine, University of British Columbia
- James Lan, Department of Pathology and Laboratory Medicine and Department of Medicine, Faculty of Medicine, University of British Columbia
- Jenny Tran, Department of Medicine, Faculty of Medicine, University of British Columbia
- Karolina Jones, Department of Medicine, Faculty of Medicine, University of British Columbia
- Franz Fenninger, Department of Medicine, Faculty of Medicine, University of British Columbia
- Davide Cina, Department of Medicine, Faculty of Medicine, University of British Columbia
- Sabina Dobrer, Department of Medicine, Faculty of Medicine, University of British Columbia
- Vivian Wu, Department of Medicine, Faculty of Medicine, University of British Columbia
- Krishna Dwarka, Department of Medicine, Faculty of Medicine, University of British Columbia
- Sari Nobell, Department of Medicine, Faculty of Medicine, University of British Columbia
- Mike Barnett, Department of Pathology and Laboratory Medicine, Faculty of Medicine, University of British Columbia
- Jennifer Beckrud, Department of Pathology and Laboratory Medicine, Faculty of Medicine, University of British Columbia
- Paaksum Wong, Department of Medicine, Faculty of Medicine, University of British Columbia
- Bronwyn Baillie, Department of Medicine, Faculty of Medicine, University of British Columbia
- Lenka L. Allan, Department of Pathology and Laboratory Medicine, Faculty of Medicine, University of British Columbia
- Bruce McManus, Department of Pathology and Laboratory Medicine, Faculty of Medicine, University of British Columbia
- John Gill, Department of Medicine, Faculty of Medicine, University of British Columbia
- David Ostrow, Department of Medicine, Faculty of Medicine, University of British Columbia
- Stirling Bryan, School of Population and Public Health, Faculty of Medicine, University of British Columbia
- Robert McMaster, Department of Medical Genetics, Faculty of Medicine, University of British Columbia; Infection and Immunity Research Centre
- Leonard J. Foster, Department of Biochemistry and Molecular Biology, Faculty of Medicine, University of British Columbia
- Pieter Cullis, Department of Biochemistry and Molecular Biology, Faculty of Medicine, University of British Columbia
- Fabio Rossi, School of Biomedical Engineering, Faculty of Applied Science and Faculty of Medicine, University of British Columbia
- Raymond Ng, Department of Computer Science, Faculty of Science, University of British Columbia
- Harvey Wong, Faculty of Pharmaceutical Sciences, University of British Columbia
- Steven Shechter, Sauder School of Business, University of British Columbia
- Jagbir Gill, Division of Nephrology, Department of Medicine, Faculty of Medicine, University of British Columbia
- Tom Blydt-Hansen, Department of Pediatrics, Faculty of Medicine, University of British Columbia
- Olga Mazo, Consultant
- Oliver Günther, Günther Analytics

- Timothy Caulfield, Faculty of Law and School of Public Health, University of Alberta
- Patricia Campbell, Department of Medicine and Dentistry, University of Alberta
- Michael Mengel, Department of Laboratory Medicine and Pathology, University of Alberta
- Banu Sis, Department of Laboratory Medicine and Pathology, University of Alberta
- Scott Klarenbach, Department of Medicine, University of Alberta
- Noureddine Berka, Department of Pathology, University of Calgary
- Lee Anne Tibbles, Cumming School of Medicine, Division of Nephrology, University of Calgary
- Robert Balshaw, George and Fay Yee Centre for Healthcare Innovation, University of Manitoba
- Kathryn Tinckam, Department of Medicine, University of Toronto; Division of Nephrology, Toronto General Hospital, University Health Network and University of Toronto
- S. Joseph Kim, Department of Medicine, University of Toronto; Division of Nephrology, Toronto General Hospital, University Health Network and University of Toronto
- Atul Humar, Department of Medicine, University of Toronto
- Seema Mital, Department of Pediatrics, The Hospital for Sick Children, University of Toronto
- Rulan S. Parekh, Department of Medicine and Department of Pediatrics, The Hospital for Sick Children, University of Toronto; Division of Nephrology, Toronto General Hospital, University Health Network and University of Toronto
- Istvan Mucsi, Department of Medicine and Department of Pediatrics, The Hospital for Sick Children, University of Toronto; Kidney Transplant Program, Ajmera Transplant Centre, University Health Network
- Anthony Jevnikar, Department of Microbiology and Immunology, Western University
- Guido Filler, Department of Pediatrics, Western University
- Calvin Stiller, Department of Medicine, Western University
- Ciriaco A. Piccirillo, Department of Microbiology and Immunology, McGill University; Research Institute of the McGill University Health Centre
- Bethany Foster, Department of Pediatrics, McGill University
- Prosanto Chaudhury, Research Institute of the McGill University Health Centre
- Sacha A. De Serres, Department of Medicine, Laval University
- Eric Wagner, Department of Microbiology, Infectious Diseases and Immunology, Laval University
- Jiannis Ragoussis, Department of Human Genetics, McGill University
- Christoph Borchers, Department of Oncology, McGill University
- Constantin Polychronakos, Department of Pediatrics, McGill University
- Ruth Sapir-Pichhadze, Department of Medicine, McGill University and MU-HRI
- Chee Loong Saw, HLA Laboratory, Hematology Division, McGill University Health Centre
- Marie-Josée Hebert, Research Centre, Université de Montréal
- Nicolas Fernandez, Department of Family Medicine and Emergency Medicine, Université de Montréal
- Heloise Cardinal, Department of Medicine, Université de Montréal
- Marie-Chantal Fortin, Department of Medicine, Université de Montréal
- Lynne Senecal, Division of Nephrology, Université de Montréal
- Karim Oualkacha, Department of Mathematics, University du Quebec à Montreal
- Lucie Richard, Héma-Québec
- Robert Liwski, Department of Pathology, Dalhousie University
- Bryce Kiberd, Division of Nephrology, Dalhousie University
- Karthik Tennankore, Division of Nephrology, Dalhousie University
- Elizabeth Fowler, Kidney Foundation of Canada

United States Working Group

- Rene Duquesnoy, Department of Pathology, University of Pittsburgh
- Henry Erlich, Children's Hospital Oakland Research Institute
- Howard Gebel, Department of Pathology and Laboratory Medicine, Emory University
- Eric Weimer, Department of Pathology and Laboratory Medicine, University of North Carolina
- Bruce Kaplan, Department of Medicine, Baylor Scott and White Health Systems
- Gilbert Burckart, Office of Clinical Pharmacology, US Food and Drug Administration

United Kingdom Working Group

- Derek Middleton, Institute of Systems, Molecular and Integrative Biology, University of Liverpool
- Steven G.E. Marsh, Anthony Nolan Research Institute and UCL Cancer Institute, Royal Free Campus

France Working Group

• Pierre Marquet, Pharmacology and Transplantation INSERM, University of Limoges

Netherlands Working Group

- Marcel Tilanus, Transplantation Immunology, Maastricht University Medical Center
- Frans Claas, Department of Immunohematology and Blood Transfusion, University of Leiden
- Teun van Gelder, Department of Clinical Pharmacy and Toxicology, Leiden University Medical Center

Germany Working Group

- Gerhard Opelz, Transplantation Immunology, University Hospital Heidelberg
- Michael Oellerich, Department of Clinical Pharmacology, University Medical Center Gottingen

Hungary Working Group

• Zoltán Kaló, Center for Health Technology Assessment, Semmelweis University

New Zealand Working Group

• Carlo Marra, School of Pharmacy, University of Otago
